¹ See Tables S-4 and S-8 for information on the adjusted baseline.

² For total deficit reduction since January 2011, see Table S-3.

Table S-3. Cumulative Deficit Reduction

(Deficit reduction (–) or increase (+) in billions of dollars)

	2014-2023
Deficit reduction achieved through January 2013:	
Discretionary savings ¹	–1,444
Upper-income tax revenues	–660
Debt service	–480
Total, achieved deficit reduction	–2,585
December Compromise Deficit Reduction Package:	
Discretionary program reductions	–202
Health savings	–401
Other mandatory savings	–201
Revenue proposals	–583
Immediate investments in infrastructure	50
Programmatic effects of moving to the chained CPI	–230
Discretionary effects of program integrity cap adjustments	9
Debt service and accrual effects	–202
Total, December Package	–1,760
Total deficit reduction	–4,344
Policy initiatives:	
Surface transportation and job creation initiatives	166
Savings in Overseas Contingency Operations reserved for initiatives	–167
Early childhood investments	77
Tobacco tax financing	–78
Other mandatory proposals	–3
Reserve for revenue-neutral business tax reform	--
Debt service	2
Total, policy initiatives	–2
Overseas contingency operations (OCO) and additional changes to deficits:	
Enacted reduction in OCO funding	–1,288
Remaining reductions in overseas contingency operations	–508
Other proposals	–157
Debt service	–339
Total, OCO and additional changes to deficits	–2,293
Total, deficit reduction including policy initiatives, OCO, and additional changes to deficits	–6,639
Memorandum: revenue and outlay effects of enacted deficit reduction and the President's December Compromise Deficit Reduction Package:	
Enacted outlay reductions and 2014 Budget spending proposals	–3,001
Enacted receipt increases and 2014 Budget revenue proposals	–1,343

¹ Excludes savings from reductions in OCO.

S-9. Mandatory and Receipt Proposals—Continued

(Deficit increases (+) or decreases (-) in millions of dollars)

[illegible]²Net of income offsets.

Savings in 2022 and 2023 include sustainment of enforcement initiatives beyond the sunset of the discretionary spending caps contained in the Budget Control Act of 2011.

	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023	2014–2018	2014–2023
Increased revenues associated with implementing the Buffett Rule prior to estimating the effects of the proposal to reduce the value of certain tax expenditures	-7,710	-	-5,525	-7,824	-10,148	-10,887	-10,760	-10,929	-11,333	-11,814	-12,273	-42,094	-99,203
¹⁵ This proposal would also result in discretionary savings of \$7.2 billion over 10 years.													
¹⁶ This proposal has outlays of less than \$500,000 per year. The total cost is \$1 million from 2014–2018 and \$2 million from 2014–2023.													
¹⁷ This proposal has outlays of less than \$500,000 per year in 2014–2018. The total cost is \$2 million from 2014–2018.													
¹⁸ This proposal has outlays of less than \$500,000 per year. The total cost is \$1 million from 2014–2018 and \$3 million from 2014–2023.													
¹⁹ This proposal has outlays of less than \$500,000 per year. The total cost over 2014–2023 is \$1 million.													
²⁰ This proposal has outlays of less than \$500,000 per year. The total cost over 2014–2023 is \$1 million.													
²¹ This proposal has outlays of less than \$500,000 per year. The total cost over 2014–2023 is also less than \$500,000.													
²² This proposal has outlays of less than \$500,000 per year in years 2014–2018. The total cost is \$1 million from 2014–2018.													
²³ This proposal has outlays of less than \$500,000 per year. The total cost over 2014–2023 is also less than \$500,000.													
²⁴ This proposal has outlays of less than \$500,000 per year. The total cost over 2014–2023 is also less than \$500,000.													
²⁵ This proposal has outlays of less than \$500,000 per year. The total savings are \$1 million over 2014–2018 and \$4 million over 2014–2023.													
²⁶ This proposal has no estimated costs.													
²⁷ This proposal has outlays of less than \$500,000 per year. The total cost over 2014–2023 is also less than \$500,000.													
²⁸ Overall, the proposal generates \$300 million in additional proceeds. Total savings are net of Federal agency relocation costs. The estimates for this proposal include effects on outlays. The outlay effects included in the totals above are as follows:													

¹⁶This proposal has no estimated costs.

¹⁷This proposal has outlays of less than \$500,000 per year. The total cost over 2014–2023 is also less than \$500,000.

¹⁸ Overall, the proposal generates \$300 million in additional proceeds. Total savings are net of Federal agency relocation costs.

¹⁹The estimates for this proposal include effects on outlays. The outlay effects included in the totals above are as follows:

Table S-10. Funding Levels for Appropriated (“Discretionary”) Programs by Category—Continued
(Budget authority in billions of dollars)

* \$500 million or less.
¹ The Budget Control Act of 2011 (BCA) amended the Balanced Budget and Emergency Deficit Control Act of 1985 (BBEDCA) by establishing statutory discretionary caps for 2012 through 2021 with separate categories in 2012 and 2013 for “Security” and “Nonsecurity”. These categories were revised on January 15, 2012 to equal all accounts in budget function 050 for the “Defense” category with all other amounts in the “Non-defense” category. The American Taxpayer Relief Act of 2012 reinstated the Security and Nonsecurity caps for 2013.
² The 2014 Budget proposes changes to the current law caps in the BBEDCA, as amended, for the reclassification of certain Transportation programs and further reductions as part of the Administration’s policy to achieve additional deficit reduction.
³ Where applicable, amounts in 2012 through 2023 are existing or proposed cap adjustments designated pursuant to Section 251(b)(2) of the BBEDCA, as amended. Amounts in 2010 and 2011 are not so designated but are shown for comparability purposes.
⁴ Because final decisions about the pace of the drawdown in Afghanistan have not yet been made, the Budget includes a placeholder for the Department of Defense’s 2014 OCO funding, equivalent to the amount provided in the 2013 Budget. The Administration will submit a Budget amendment to Congress updating the DOD OCO request after a determination has been made on required force levels in Afghanistan.
⁵ The Budget includes placeholder amounts of \$37.3 billion per year for Government-wide OCO funding from 2015 to 2021. These amounts reflect the Administration’s proposal to cap total OCO budget authority from 2013 to 2021 at \$450 billion but do not reflect any specific decisions or assumptions about OCO funding in any particular year.
⁶ Amounts in 2010–2012 are not designated as emergency funding pursuant to Section 251(b)(2)(A) of the BBEDCA, as amended, as they include congressionally-designated emergencies, rescissions of funding provided in the American Recovery and Reinvestment Act of 2009 (P.L. 111–5), and other supplemental funding.

Homeland Security					1.6									
Other					1.0									
Total, Base Defense Category					552.0									

* \$50 million or less.

¹ Amounts in the actuals years of 2010 through 2012 exclude changes in mandatory programs enacted in appropriations bills since those amounts have been rebased as mandatory, whereas amounts in 2013 and 2014 are net of these proposals.

² The 2014 Budget proposes changes to the current law caps in the BBEDCA, as amended, for the reclassification of certain Transportation programs and further reductions as part of the Administration's policy to achieve additional deficit reduction.

³ The Department of Defense (DOD) levels in 2015–2023 include funding that will be allocated, in annual increments, to the National Nuclear Security Administration (NNSA). Current estimates by which DOD's budget authority will decrease and NNSA's will increase are, in millions of dollars: 2015: \$1,196; 2016: \$1,444; 2017: \$1,602; 2018: \$1,665; 2019: \$1,702; 2014–2023: \$14,816. DOD and NNSA continue to review aspects of NNSA's outyear requirements and this will affect outyear allocations made by DOD to NNSA.

⁴ Funding from the Hospital Insurance and Supplementary Medical Insurance trust funds for administrative expenses incurred by the Social Security Administration that support the Medicare program are included in the Health and Human Services total and not in the Social Security Administration total.

⁵ The 2014 Budget includes allowances, similar to the Function 920 allowances used in Budget Resolutions, to represent amounts to be allocated among the respective agencies to reach the proposed defense and non-defense caps for 2015 and beyond. These levels are determined for illustrative purposes but do not reflect specific policy decisions. 2013 also includes an allowance amount to bridge from the 2013 request level to 2013 caps, as enacted in ATRA.

⁶ Where applicable, amounts in 2012 through 2023 are existing or proposed cap adjustments designated pursuant to Section 251(b)(2) of the BBEDCA, as amended. Amounts in 2010 and 2011 are not so designated but are shown for comparability purposes.

⁷ Because final decisions about the pace of the drawdown in Afghanistan have not yet been made, the Budget includes a placeholder for DOD's 2014 Overseas Contingency Operations (OCO) funding, equivalent to the amount provided in the 2013 Budget. The Administration will submit a Budget amendment to Congress updating the DOD OCO request after a determination has been made on required force levels in Afghanistan.

⁸ The Budget includes placeholder amounts of \$37.3 billion per year for Government-wide OCO funding from 2015 to 2021. These amounts reflect the Administration's proposal to cap total OCO budget authority from 2013 to 2021 at \$450 billion but do not reflect any specific decisions or assumptions about OCO funding in any particular year.

⁹ Amounts in 2010–2012 are not designated as Emergency funding pursuant to Section 251(b)(2)(A) of the BBEDCA, as amended, as they include congressionally-designated emergencies, rescissions of funding provided in the American Recovery and Reinvestment Act of 2009 (P.L. 111–5), and other supplemental funding.

* \$500 million or less.

¹ A decrease in the Treasury operating cash balance (which is an asset) is a means of financing a deficit and therefore has a negative sign. An increase in checks outstanding (which is a liability) is also a means of financing a deficit and therefore also has a negative sign.² Includes checks outstanding, accrued interest payable on Treasury debt, uninvested deposit fund balances, allocations of special drawing rights, and other liability accounts; and, as an offset, cash and monetary assets (other than the Treasury operating cash balance), other asset accounts, and profit on sale of gold.³ Consists mainly of debt issued by the Federal Financing Bank (which is not subject to limit), debt held by the Federal Financing Bank, the unamortized discount (less premium) on public issues of Treasury notes and bonds (other than zero-coupon bonds), and the unrealized discount on Government account series securities.⁴ Legislation enacted February 4, 2013, (P.L. 113-3) temporarily suspended the debt limit through May 18, 2013.⁵ Treasury securities held by the public and zero-coupon bonds held by Government accounts are almost all measured at sales price plus amortized discount or less amortized premium. Agency debt securities are almost all measured at face value. Treasury securities in the Government account series are otherwise measured at face value less unrealized discount (if any).⁶ At the end of 2012, the Federal Reserve Banks held \$1,645.3 billion of Federal securities and the rest of the public held \$9,635.8 billion. Debt held by the Federal Reserve Banks is not estimated for future years.

OMB CONTRIBUTORS TO THE 2014 BUDGET

The following personnel contributed to the preparation of this publication. Hundreds, perhaps thousands, of others throughout the Government also deserve credit for their valuable contributions.
